CO.'S

When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or *"get-rich-quick"* concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?

INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1939 edition of the Raleigh City Directory.

Confidence in the growth of Raleigh's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Raleigh to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Raleigh Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 25 to 537, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Raleigh, and the name, official personnel, nature and address of each firm and corporation in the city.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 541 to 664. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

THE BUYERS' GUIDE, beginning opposite page 664 and separately paged from 1 to 42, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Raleigh. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Raleigh, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 707 to 782, on white paper. This department lists the names of all business and professional concerns in al-

phabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Raleigh.

The Raleigh Directory Library

Through the courtesy of the publishers of the Raleigh City Directory, a Directory Library is maintained in the offices of the Raleigh Chamber of Commerce, for free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY CO., Inc.,

Churches—68, representing 18 denominations.

Building and Construction—Value of building permits, $3,781,198 (1938).

Newspapers—1 Daily and Sunday and 3 Weeklies.

Hotels—13, with total of 1,100 rooms.

Hospitals—5, with total of 1,500 beds.

Total street mileage, 107.9, with 64.6 miles paved. Number of gas meters, 4,560; light meters, 11,300. Daily pumping capacity of water works (municipal), 5,000,000 gallons from both the main and auxiliary sources of supply; average daily consumption, 4,177,421 gallons; miles of mains, 133.76; number of connections, 9,728; value of plant, $1,875,000. Fire department has 56 men, with 5 stations. 573 hydrants, and full motorized equipment valued at $100,000. Police department has 56 men.

Wake County Statistics—Area, 824 square miles; population, 94,757 (1930 U. S. Census); number of farm families, 7,153; estimated value of crops in 1935, $10,000,000; value of farms, $20,140,000.

GENERAL VIEW

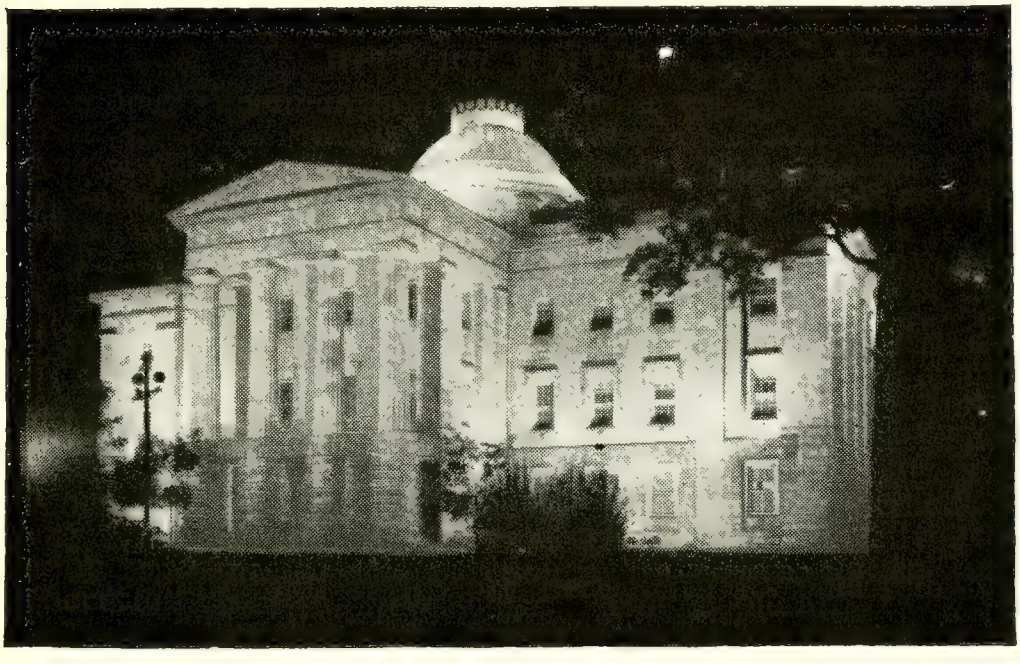

Raleigh is conveniently located on the main highways between the North and South, in the east-central portion of the state, in rolling country, on the fringe of that section of the Carolinas often referred to as the Piedmont.

Raleigh offers many attractions to the person interested in sports. There are four golf courses, a country club, swimming pools, riding trails. The brooks surrounding Raleigh offer a variety of fishing material. The city is conveniently

located to the famous fishing and hunting centers of the coastal section.

Raleigh has thirteen hotels serving upwards of 50,000 guests yearly. The rates are reasonable.

Whether one is looking for a central point for distribution, for headquarters or branch-office location, or for some quiet and peaceful place to spend his declining years, Raleigh will have something about it that will please. The town is one of the beauty spots of the state. In Raleigh's business section one will find Colonial architecture surrounded by modern office buildings. Throughout the city are quaint remnants of the old South, interspersed with the modern design of the new South. The people are friendly, courteous and hospitable. Regardless of what one expects of a home town, he will find that everything in Raleigh will fascinate him.

NORTH CAROLINA STATE CAPITOL

HISTORIC RALEIGH

Raleigh abounds in historic eminence and noteworthy tradition. The first English settlement in America was made at Roanoke Island on the coast of North Carolina by Sir Walter Raleigh. The capital city of the state was named in his honor and in memory of this achievement.

The land upon which Raleigh had its beginning was purchased in 1792 as a location for the establishment of the state capital. The first capitol building was completed in 1794 and destroyed by fire in 1831. The present building, over 100 years old, is a recognized example of Doric architecture with few equals. It is noted for its beauty and design.

The 17th President of the U. S., Andrew Johnson, was born here. This famous old home now stands as a shrine in Pullen Park.

The State Hall of History here, with its collection of North Carolina historical records and important archives, attracts much interest.

Wakefield, the home of Joel Lane, erected in 1760, is owned and preserved by the Carolina Dames. This colonial

home was erected in the old town of Bloomsbury, which was the county seat of Wake County in 1771.

The oldest bank building in North Carolina still stands on the property of Christ Church. It is the present rectory. It was built in 1795 as the State Bank.

Many visitors in Raleigh are likewise interested in monuments and memorials of famous North Carolinians on Capitol Square and in State department buildings.

Three points of special beauty in Raleigh are Dix Hill, Country Club, and the Federal Cemetery.

CAMPUS AND BUILDING SCENES AT FOUR RALEIGH COLLEGES

A CENTER OF EDUCATION

Raleigh, with six colleges and an excellent public school system, has long been recognized as an outstanding center of education.

The North Carolina State College of Agriculture and Engineering was established by legislative enactment in 1889. It is one of the leading agricultural and mechanical colleges in the South. There are 30 major buildings in the plant. It had an enrollment—constantly growing—of 2,200 in 1938. It embraces four schools—Agriculture and Forestry, Engineering, Science and Business and Textile.

Meredith College, a Baptist college for women, was opened in 1897. For many years it was located near the Capitol and now occupies a modern plant completed in 1925, two miles from the city on the Hillsboro Road. Courses are offered in arts, sciences and music. The enrollment in 1937 was 544.

St. Mary's School and Junior College is owned by the Episcopal Church of the Carolinas. The highest standards are maintained, with all academic courses fully accredited by the Southern Association. The annual sessions offer the students 35 weeks of classroom work. An average of twenty states are represented in annual enrollment, which, in 1937, was 282.

Peace, a junior college for women, owned by the Presbyterians of North Carolina, was opened in 1872. It offers standard and general junior college courses, college preparatory courses, and special courses in art, music, home economics, and commercial subjects. A number of modern buildings have been added recently, and the enrollment has grown rapidly. In 1937 it was 288.

The North Carolina School for the White Blind was established by legislative enactment in 1845. The present plant was completed in 1923 at a cost of $1,300,000. It is a standard high school and the only one of its type in the U. S. with this rating. It specializes in vocational training.

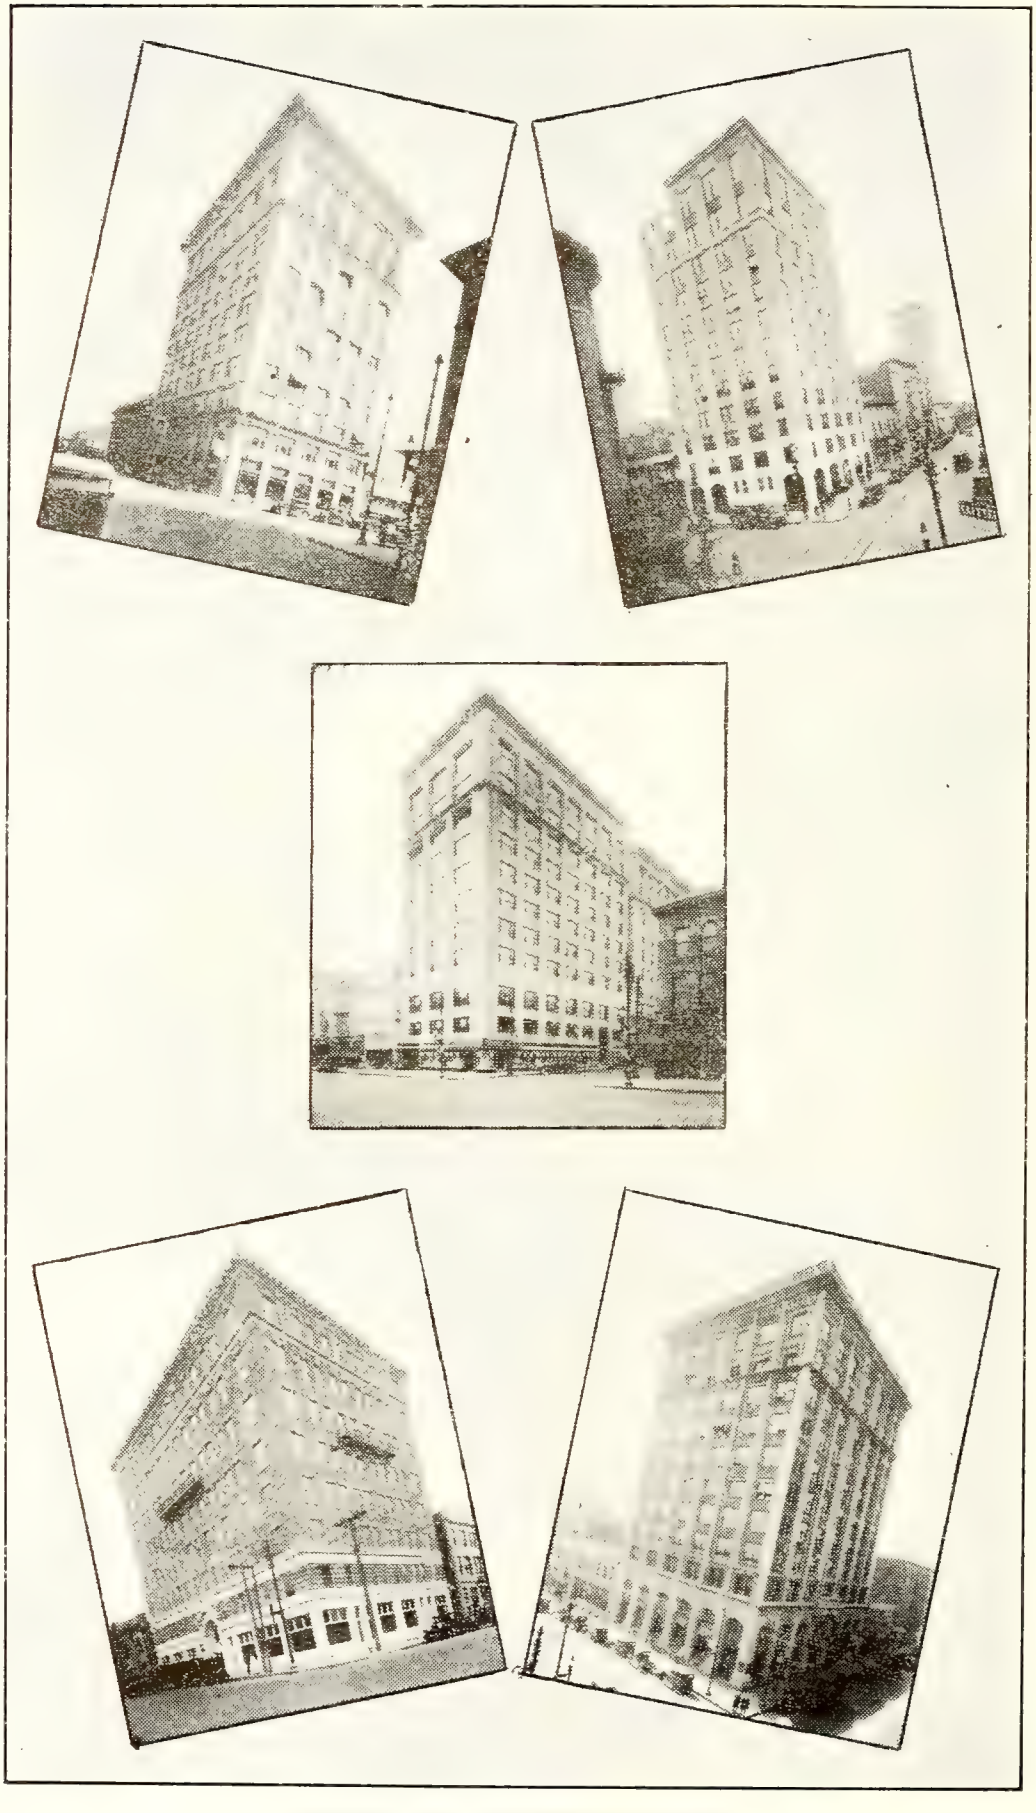

The well-equipped and modern public school system of Raleigh has 18 buildings, including two high schools. There is also one parochial school.

King's Business College and Hardbarger's Secretarial School are two well-organized colleges here for business training.

St. Augustine's College (Episcopal) for colored men and women was opened in 1868. It includes the Bishop Tuttle School and the St. Agnes Training School for Nurses. It has 110 acres of land in the northeast section of the city. St. Agnes Hospital is operated in conjunction with this institution.

The State School for the Negro Deaf and Dumb was established in 1868. A new plant erected at a cost of $250,000, is located on Highway No. 10, three miles southeast of the city.

Shaw University, founded in 1865, is the oldest institution in the South for the education of colored men and women. The university has 11 buildings. Degrees of A. B. and B. S. are conferred.

A GROUP OF BUSINESS BUILDINGS

THINGS TO SEE IN RALEIGH

STATE CAPITOL BUILDING—Located head Fayetteville Street. Monuments and public memorials on Capitol Square: Senator Z. B. Vance, Gov. Charles B. Aycock, Dr. Charles D. McIver, Henry L. Wyatt, Worth Bagley, George Washington, Women of the Confederacy.

ST. MARY'S SCHOOL—Largest girls' school in U. S. owned and controlled by Episcopal Church. Located 900 Hillsboro St. Founded in 1842.

PEACE JUNIOR COLLEGE—A Presbyterian school for girls. Located northern end of Wilmington St. Opened in 1872.

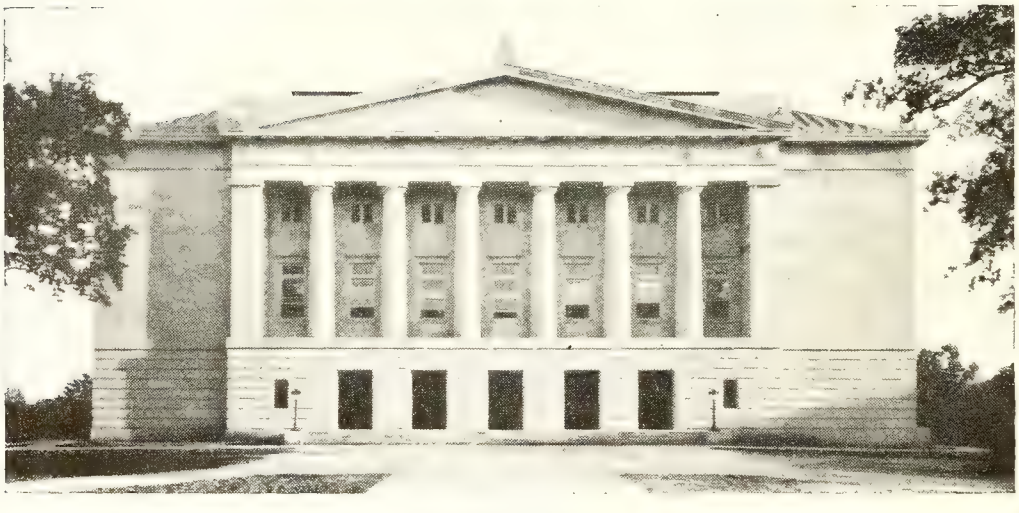

SHAW UNIVERSITY (COLORED)—Oldest institution in South for education of colored men and women. Founded in 1865. Located 100 E. South St.

ST. AUGUSTINE'S COLLEGE (COLORED)—An Episcopal college for colored men and women. Opened in 1868. Located northeastern section of city.

CHAMBER OF COMMERCE

The Raleigh Chamber of Commerce is a substantial well-organized and representative body. The membership cooperates in a wide variety of activities in commercial development. A function of particular importance is the information service. Inquiries are given careful and prompt consideration and visitors always welcomed.

Offices in Sir Walter Hotel Bldg., 17-19 W. Davie St.

RALEIGH MEMORIAL AUDITORIUM—A CONVENTION CENTER

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

HILL'S RALEIGH

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1939

Copyright, 1939, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ⓞ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

* * * between two intersecting streets designate there are no houses between them.

The △ preceding names denotes householders and places of business having telephones.

(c) denotes colored.

ELECTRICAL

LIGHT

...sells for you!

Bright light brings customers to you, makes folks buy more readily. It's a silent, helpful salesman day and night.

And here's the big news today—you may be able to have a brighter, busier store—without spending any more money.

Our Lighting Men are experts in brightening stores with a minimum of expense. They may suggest very simple measures such as a re-arrangement of fixtures, cleaning globes regularly or economical new lights.

These Lighting Experts are service men—not salesmen. Call on them to help you brighten up for better business.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Association of North American Directory Publishers

354-60 4th AVE., New York City

CITY DIRECTORY USES

1. SALES PROMOTION:

a. Sales Analysis—

Comparing present amount of business obtained in a given area with possible maximum business in that area. The Householders' Directory shows the classes of business located on a street, in office buildings, in sections of the city, etc. In checking up salesmen's calls on business in an assigned territory the directory presents a picture of how many places have not been reported upon, and shows a ready list of prospects for your goods or service.

b. Leads—

Determining proper official to approach for sales interview. The alphabetical listing for each business and professional concern, shows the names of the owners, partners or officers.

c. Selected districts—

Determining parts of city best suited for increasing business. The Householders' Street Directory shows the exact type of business or residences along each street of the city—and shows if the occupant of the home is the owner.

d. Building mailing lists and direct mail campaigns—

1. **List of local people (Neighborhood List)** within a given radius of Business location. On a city map, draw a circle to include the territory you wish to cover in your neighborhood list. From the map you can obtain the name of each street with intersections in the circle you have drawn. In the Householders' Street Directory you will find the correct name of the occupant at each house, or building on these streets. This will give you a 100% list of the territory desired.
2. **Lists of business houses and the professions**—The business directory at the end of the book classifies every business and profession according to the nature of the business. Complete lists such as doctors, lawyers, printers, garages, auto dealers, furniture stores, contractors, etc., can be found in this classified directory section.
3. **Vocational Lists**—Such as clerks, stenographers, telephone operators, carpenters, salesmanagers, purchasing agents, laborers, etc. The alphabetical directory shows the occupation of every individual in the city.
 Run over the alphabetical pages—check marking the persons whose occupation is the one wanted for your list. This will give you a complete and accurate list for the entire city.

2. CREDIT:

a. Verifying customer's statements and information.

b. Information about customer.

Correct name, address, where employed and wife's name is given in the alphabetical directory for every individual. Whether he rents or owns home is usually shown in the Householders' Directory.

c. Determining character and stability of applicant for credit.

This directory gives his present occupation and residence. By referring to each yearly edition of the directory for the past few years, it is quickly determined whether the applicant holds the same job and residence, or flits from one job to another and one residence to another. After the new directory is delivered to you keep the old one on file. Never destroy it. You'll find old ones invaluable in checking your past records.

FOR EVERY BUSINESS

d. Identifying applicant and applicant's references.

The alphabetical directory gives complete information for each individual. (See Information about customer). The references given by the applicant for credit, can be identified in the same manner—who they are, what position they hold, etc.

e. Collecting accounts.

Tracing and locating debtor. Locating other members of debtor's family or relatives.

3. DELIVERY AND SHIPPING:

a. Routing—laying out route for delivery.

Use description of streets in the Householders' Street Directory, with an indexed map of the city for locating and laying out delivery route.

b. Obtaining correct addresses.

Where numbers on shipping instructions are not plain, or only street is given, the correct number can be found in the alphabetical or Householders' Street Directory.

c. Locating streets, buildings, un-numbered houses.

A full description of every street—with location is given in the Householders' Street Directory. When the address given is an apartment or building without street and number being given, the alphabetical section will give you the correct street and number for that building. Many buildings on streets are not numbered—or badly numbered—making it difficult to find the building wanted. The Householders' Street Directory shows the location of the buildings along the streets.

4. PURCHASING:

The complete **classified business section** in the back of this directory, makes available all sources of goods wanted; assists in selection of most reliable and satisfactory firms to deal with; the nearest companies to facilitate delivery of purchases, and determining the proper official of firm to deal with. The standard classified headings are complete and show all firms under the proper headings. There are many special headings marked with an asterisk (*) showing firms in display type. These firms are progressive and desire a more complete classified representation of their products.

5. GENERAL INFORMATION:

The Alphabetical Directory lists—Persons' full name and correct spelling, occupation, where employed, street address of residence, if married gives wife's name, head of house or roomer, renting or owns home. Lists all corporations showing officers, all partnerships showing partners, all individual business showing proprietor. All public officers, clubs, associations, etc.

The Householders' Street Directory shows every street—a description of its location, all occupants on each street, the ownership of the property and all intersecting cross streets.

The Classified Business Directory shows all business in the city arranged under heading most descriptive of the nature of the business.
